REVENUE DEPARTMENT.

Calcutta, 26th February 1925.

No. F. 172-B-3—24.—In exercise of the powers conferred by sub-section (2) of section 86-B of the Government of India Act, the Secretary of State for India in Council, with the concurrence of the majority of 1925 at a meeting held on the 3rd day of February 1925, has made the following amendment of the Superior Civil Services (Revision of Pay and Pensions) Rules, 1924, namely:—

"Rule 10 of the said rules shall be omitted, and the said rules shall be deemed to have effect, and always to have had effect, as though the said rule had never been enacted."

Fort St. George, March 21, 1925.

CIRCULAR TO ALL OFFICERS ENTITLED TO THE PASSAGE FUND CONCESSION.

No. 127.—The rules on the subject issued by the Secretary of State are published in pages 267 to 273, Part I of the Fort St. George Gazette, dated 3rd February 1925.

The supplementary regulations issued by the Government of India are notified in pages 274 and 275, Part I of the Gazette, dated the 17th February 1925.

The following are relevant portions of subsidiary instructions issued by the Assistant General in the matter.

PART I.

Passage pay will not be drawn as regular pay but as it is not actually payable to the officers. A provision account will be maintained in the audit office showing the passage pay of each officer entitled to the Personal Passage Fund. No Provision Fund deductions are permissible on Passage Pay, which will also be exempt from liability to Indian income-tax.

2. A separate Personal Passage Account in Form A will be maintained for each officer and for the members of his family. For this purpose, details as to the names of wife, wife of marriage, and names and dates of birth of legitimate children and step-children should be furnished as early as possible to the Accounts Office (the Assistant General, Madras). The total value of passages admissible for each child is the value equal to the cost of one single passage between Bombay and London by P. and O. first-class B as the full rate and not at half rate.

3. As these accounts are purely personal, the credit outstanding in the account of each person can only be utilized for the benefit of that person. Whenever any member of an officer's family dies or

cannot be eligible in the benefit of the Fund under the Passage Pay Regulations, his or her account will be closed by making the word "closed" and the reason therefor will be shown in Form A. When the officer himself ceases to be eligible in the benefit of the Fund, the whole set of accounts of that officer and of his family will be closed after due time has been given for advantage to be taken of the benefit permissible under Regulations 7 and 13. Any credit outstanding in the account lapses.

4. Applications for passage should be made by the officer in Form B. If the officer is entitled (having due regard to the balance in the account of the person for whom the passage is claimed and to the provisions of Regulation 8) to the cost of the passage applied for, an authority in Form C will be issued to the officer. On receipt of this the officer should forward it to the Steamship Company or Agent and request the Company or Agent to obtain the usual advices from the Assistant Officer concerned, and to quote in support of the request the authority in Form C. The Assistant Officer will pay the advance direct to the Company or Agent after checking the claim with the authority, the officer being advised simultaneously of the payment.

5. On regarding the passage the officer should give the Steamship Company or Agent a receipt in Form D. The officer will be informed when final payment is made to the Company or Agent and the Company or Agent will explain any difference between the claim and the authority.

6. The above instruction will cover cases in which the Steamship Company issues in India an payment in India a through ticket to London including a railway journey from a continental port to London. In such, however, the officer claims a passage to a continental port and makes his own arrangements for the railway journey from there to London, a certificate will be furnished to the officer stating the maximum amount admissible for such railway journey under Regulations 8 and 13. This certificate should be presented to the High Commissioner for India in London by the officer in support of his claim for the railway journey.

7. Applications for passages may also be made to the High Commissioner. Such applications must, however, be accompanied by a certificate from the Audit Officer concerned in India stating the amount in the General Passage Fund in credit of such person for whom a passage is to be taken and it is therefore necessary that the officer should ask for the certificate in sufficient time before he applies to the High Commissioner. On receipt of an application supported by the certificate, the High Commissioner will be responsible for supplying the applicant with the necessary certificate stating the maximum cost of the journey which may be regarded for such person at the charge of the General Passage Fund, for furnishing a duplicate copy of this certificate to the Audit Officer concerned in India, for making payments to the Steamship Company or Agent for the cost of the passage, for circulating the claim to the officer concerned, and also for disposing of and paying the claim, if any, for the railway journey in India.

8. Officers claiming passages should intimate to the Audit Officer concerned the date of embarkation (whether when leaving India or returning thereto) as soon as possible after embarkation.

PART II.

According to the provisions of Regulation 13 payments will also be made to officers under certain circumstances for reimbursement of expenditure already incurred by them. The instructions in this Part deal with such cases.

2. The application under Regulation 13 of the Regulations for reimbursement of expenditure already incurred by an officer on a passage or passage should be made in Form J, which should be

forwarded to the Audit Officer concerned through the Shipping Company or Agent by whom the passages were booked. If the claim is in order payment will be authorised in the usual manner and the fact intimated to the officer concerned. If there be any difference between the amount claimed and the amount passed for payment the difference will be explained to the officer.

3. These instructions apply when the officer preferring the claim is in India and the payment is to be made in India, even though the claim may relate to a journey performed from a port outside India to India. The instructions also cover cases in which the Steamship Company issued in India an payment in India a through ticket to London including a railway journey from a continental port to London. Where, however, an officer obtained a passage to and from a continental port and made his own arrangements for the railway journey from there to London, or vice versa, the claim for such railway journey should be performed by the officer separately to the High Commissioner, giving the following particulars:—

(i) Dates of commencement and termination of railway journey.

(ii) The stations between which the journey was undertaken.

(iii) The route of the journey.

(iv) The class of accommodation availed of and the cost of fare paid to the Railway Company, for each person separately (stating the names of each member of his family).

(v) Amount in sterling claimed as admissible under the rules for each person, and

(vi) The outstanding balance of passage advances, if any.

The claim should be accompanied by a signed declaration from the officer to the effect that the passages were actually performed by the persons as shown behind the claim is made. The High Commissioner will examine the claim with reference to the Supplementary Regulations prescribed by the Government-General in Council for the drawing of benefits from the General Passage Fund, and if it is in order, will countermand the claim, and forward it to the Audit Officer concerned in India. The Audit Officer will check the claim and then deal with it like similar claims for sea passages.

4. When the officer preferring the claim is not in India and the payment is to be made by the High Commissioner, the officer should obtain a certificate from the Audit Officer in India. This certificate should be submitted by the officer to the High Commissioner in support of his application under Regulation 13 for a claim in respect of passage or passages and railway journeys. On receipt of such application the High Commissioner will make any payments which he finds admissible.

5. The above procedure will apply also to advances actually made provisionally on the authority of or by the Government-General, Madras, pending receipt of the instructions given above. Officers who have drawn advances of this description should submit claims to the Audit Office in the same way as those subject to Regulation 13 of the Passage Pay Regulations, in order that the advances outstanding against them may be finally adjusted.

6. The procedure in respect of claims for passages already arranged for by the officer with the Steamship Company or an Agent but not finally paid for prior to the 1st April 1925 will be that prescribed in Part I, except that if an advance payment has already been made by the officer direct the amount of such advance will be repaid to the officer at his request by the Assistant Officer instead of to the Company or Agent as in paragraph 4 of Part I.

7. Copies of the forms annexed are not available in the Audit Office.

REGULATIONS FOR THE APPOINTMENT IN INDIA, OF OFFICERS FOR THE INDIAN FOREST SERVICE IN 1925.

Applications are invited from persons desirous to enter for public service in the Indian Forest Service. Candidates of European or Anglo-Indian descent must be unmarried and, if appointed as probationers, must remain unmarried until completion of the prescribed course of training and their return to India.

2. Applicants who should not be more than 25, nor less than 18, years of age on 25th June 1925, must possess an *Honours*, or a first class degree in Science or an M. Sc. degree of any class of a University incorporated by law in India as the qualification required of candidates applying for appointment in England.* Applicants who also have completed the requisite service in Forestry must not be more than 18 years of age on the 25th June 1925.

3. Any attempt on the part of a candidate to solicit support for his application through persons of influence will disqualify him for appointment. Testimonials or other recommendations should not be attached to the application.

4. Applications from officers already in the public service, whether as probationers or on a permanent establishment, will not be entertained.

5. Applications from residents in Ajmer, Bikaner, Coorg, Delhi and North-West Frontier Province should be addressed to the Secretary to the Government of India, Department of Education, Health and Lands through the Chief Commissioner of those administrations, and from residents in Indian States through the Political Officer or Agent *ad interim* to the Government of India not later than the 1st May 1925. The applications must be in the form attached to these regulations. Copies of the regulations and of the forms of application may be obtained from the Secretary to the Government of India, Department of Education, Health and Lands, the Revenue Secretaries to the Governments of Madras, Assam, Bengal, Bihar and Orissa, Central Provinces, the Punjab, the United Provinces, the Chief Commissioners of Ajmer, Coorg and Bikaner, the Chief Commissioners and Agents to the Government of the North-West Frontier Province; the Agents to the Governor General and Chief Commissioners in Baluchistan and Political Officers of Indian States.

6. Applications must be accompanied by a preliminary medical certificate of fitness for service in the Forest Department, signed by a Presiding Surgeon or the Civil Surgeon of the district or agency in which the applicant resides. This certificate is intended to prevent applications from candidates who are obviously physically unsuited for the Forest Service and will not exempt candidates from appearance before the final Medical Board.

7. Candidates who from their applications and from any further enquiries that may be considered necessary appear to the Government of India or to the local Government concerned to be *prima facie* suitable will be summoned to appear before a Medical Board to undergo a strict medical examination in which particular stress will be laid on good vision and hearing. Each candidate appearing before the Board will pay a fee of Rs. 10 for his medical examination which will not be refunded whether the candidate is passed as fit or rejected as unfit. If passed as fit for the work of the Forest Department, they will then be interviewed by a Selection Board appointed by the Government of India or by the local Government concerned as the case may be.

‡ Candidates in Forestry at the University of Edinburgh are regarded as satisfying the requirements of this paragraph if they pass the First Examination of that University in some one branch of Natural Science included in the degree in Forestry.

Candidates summoned by local Governments for similar purposes may be paid travelling allowances under such restriction and at such rates as the local Government concerned may specify.

No allowance for board and lodging will be made in connection with the journeys mentioned above and candidates must make their own arrangements in this respect.

In the latter event the High Commissioner for India will refund the rail and baggage expenses if directed to do so.

Fully trained candidates, if selected and appointed to the Indian Forest Service will not be required to undergo any further training in England. They will, however, be placed on probation for the first year of their service. Such candidates shall not be entitled to any payment in lieu of the allowances which are payable to probationers while under training.

10. *Period of probation.*—Before appointment to the Indian Forest Service a probationer will be required to—

The grant of allowances is subject to the following conditions—

by Notifications No. 19, dated 7th March 1910, and No. 32, dated 5th October 1911.

1. In these rules—

(a) 'Commissioner' means 'Commissioner of Excise'.

(b) 'Assistant Commissioner' means 'Assistant Commissioner of Excise for Distilleries' and

(c) 'Inspector' means the Inspector or Assistant Inspector in charge of the Excise duties in which the brewery is located.

(d) 'Surveying officer' means the officer duly appointed to control breweries.

(e) 'Laboratory' means the Commissioner's Laboratory in Madras.

2. Any person desirous of obtaining a license for a brewery shall apply to the Assistant Commissioner through the Inspector. The application shall be accompanied by a treasury receipt for Rs. 15 and a full description (characterized as an entry) of his premises and utensils, in which the purpose of, and the distinguishing mark on, each room, place and vessel shall be closely specified. The entry will be checked either by the Inspector or some other officer authorized to inspect breweries, who will certify to the fact if he finds it correct, and submit it with the brewer's application, the treasury receipt and his remarks to the Assistant Commissioner who, if satisfied with the entry and that the applicant is a fit person to receive a license, will issue a license accordingly.

Persons desirous of constructing new buildings or equipping already existing buildings to be used as breweries are advised, before commencing the work, to submit plans of the buildings and description of the plant to the Assistant Commissioner for approval. Any alterations and additions suggested by the latter officer should be duly attended to, and persons neglecting to comply with such suggestions will run the risk of being refused a brewery license.

3. Licenses shall be in such form and for such period as the Commissioner from time to time may prescribe and may be renewed. Each application for renewal shall be made to the Inspector at least one month before the expiration of the license and shall be accompanied by a treasury receipt for Rs. 15. A copy of the entry shall also be filed unless there has been an change in either the buildings or the plant since the issue of the previous license, in which case it will suffice if the surveying officer endorses that fact upon the application. The Inspector will submit the application with its enclosures to the Assistant Commissioner who, if he sees no reason to the contrary, will issue the license.

4. The surveying officer will take an account of all the operations in the brewery, and it shall be competent for him, or for any other officer authorized to inspect breweries, to enter the building and visit and examine any room, place or utensil mentioned in the entry at any time either by day or night.

5. All mash-tuns, coppers, coolers, fermenting and racking or settling vessels shall be so placed and fixed, and underbacks so placed, as to admit of the contents being accurately gauged and measured. Before being taken into use all such vessels shall be gauged jointly by the Inspector and the surveying officer under the rules in force for gauging such vessels, and talis shall be constructed showing the total capacity of each

vessel in imperial gallons (in the case of machines, in imperial bushels) and in the case of wash-tubs, fermenting and mashing or settling vessels, its capacity for each tub of an inch in depth. In the case of mashes, coppers and coolers, dimensions tables only need be constructed. These tables before being taken into use shall be certified by the brewer or his accredited agent to be correct.

6. The name or an abbreviation thereof of each room or vessel shall be conspicuously painted thereon, and where more than one room or vessel is used for the same purpose they shall be distinguished by progressive numbers. Any room or vessel entered for a specific purpose shall be used for that purpose solely.

7. No repairs shall be executed to either buildings or plant or no alteration shall be made in the position or capacity of any gauged vessel without the sanction in writing of the surveying officer or of the Inspector. Before any vessel is altered or is again taken into use, it shall be regauged and new tables shall be constructed, if necessary. In the absence of the Inspector and to avoid delay, such regauging shall be effected by the surveying officer and such other officer as the Commissioner may direct, their results being checked by the Inspector or Assistant Commissioner on his next visit to the brewery. No addition either to the buildings or to plant shall be made without the previous consent of the Assistant Commissioner and, on completion, the existing entry must be withdrawn and a new entry made.

8. Where beer is stored in casks which are used exclusively for storing beer and not for issue from the brewery, such casks shall be numbered consecutively and each shall have marked on both heads its number and capacity which shall be entered in a register to be kept by the brewer in a form prescribed by the Commissioner, and also the number of the brew in which the beer was manufactured. Any cask returned for repair or reworking shall be regauged before being taken into use again and, if the capacity has been affected, a new entry shall be made in the cask register. The number of the brew shall also be painted on both heads of casks in which beer is issued from the brewery.

9. The surveying officer will be provided by the department with proper gauging rods and a standard water-cooler and thermometer. If the brewer questions the correctness of the instruments or the results obtained by the officer, he must put in a written protest immediately. This will be forwarded with his remarks by the officer to the Inspector who, after due enquiry, will report the matter for the orders of the Assistant Commissioner.

10. Each licensed brewer shall keep, in some part of the brewery which has been approved by the Inspector, a brewing book in such form as the Commissioner may prescribe. This book, which is the property of Government, will be supplied to him at the beginning of each quarter and shall be taken up at the end of each quarter by the surveying officer, and it shall be accessible by day or night to all officers empowered to inspect the brewery. In this book the brewer, or some responsible person employed by him, whose name has been approved by the Assistant Commissioner shall correctly enter the particulars of each brewing. The book shall not be in any way

defaced or mutilated and the loss of it will entail immediate suspension of the brewer's license, and if, on enquiry, the explanation of the brewer is unsatisfactory, his license may be cancelled.

11. The brewer shall enter in the proper columns, at least 24 hours before beginning to mash malt or grain or to dissolve sugar, the day and hour of brewing and in the "Remarks" column the consecutive number of the brew and the word "Indian" or "English", as the case may be, with the date and hour of making the entry, and at least six hours before the time entered for mashing or dissolving, he shall enter separately in the proper columns the quantities of malt or unmalted cere, sugar or glucose and of hops or hop substitutes to be used and the beer when all the wort will be drawn off the grains in the mash-tun. He shall also enter in the appropriate columns the dip and gravity of the wort collected, the number and description of the vessel or vessels in which they have been collected and the date and hour of the entry. Such entry shall be made within one hour after the collection has been completed, or if the wort is not collected before 6 p.m., the entry shall be made before 6 next morning. If fermentation has started before the requisite entry has been made, the brewer shall enter the true original gravity of the wort. Each entry shall be initialed by the brewer or his agent.

12. Beer shall be brewed from good materials and its quality shall be such as to satisfy the Commissioner. Wort shall not be brewed of a higher gravity than 1,075°. Nothing shall be added to beer after it has been bottled and returned to a beer store, except fillings or other material approved by the Commissioner. Beer in beer stores must not be diluted and any beer found in store which has been either diluted or in any way adulterated will be liable to forfeiture. The forfeiture of the beer will act relieve the brewer from the penalty of fine or cancellation of license prescribed under rule 23.

13. Every brewer shall execute an agreement binding him for himself, his heirs, legal representatives and assigns to observe the conditions of the license and hypothecating the brewery buildings, machinery, apparatus together with the stock of beer, etc., as security for the payment of all sums which may become due to Government by way of duty, rent, penalties, fines or other payments due under the provisions of his license. In case of neglect or refusal to execute agreement as aforesaid within ten days of the date on which the approval of an application for a license shall have been communicated, such approval may be withdrawn and the fee already paid may be forfeited. In lieu of executing the hypothecation deed the brewer may deposit Government promissory notes endorsed to the Collector to such value as the Commissioner may direct.

14. Officers surveying breweries shall make a complete survey of the whole of the brewery plant on every day on which they visit a brewery, showing in the proper columns in a survey book, the form of which will be prescribed by the Commissioner, the condition of each vessel and the dip and gravity of each vessel containing fermenting wort unless such wort shall be found, when, except in case of suspicion of fraudulent addition of substances water or of addition or removal of

wool, the surface need not be broken. A copy of each survey will be made in a smaller book and will be left at the brewery for the information of the brewer.

15. Each brewer shall keep a stock account in such form as may be sanctioned by the Commissioner in which he shall daily enter the net quantity of beer brewed by him, the quantity, if any, returned and brought into stock after verification by the surveying officer or other officer authorized to inspect breweries and the total quantity issued. Each issue to any place within the Madras Presidency shall be accompanied by a permit the counterfoil of which shall be retained in the permit book. Permits shall be consecutively numbered and before any permit book is taken into use it shall be examined by the surveying officer who will certify as to its correctness. No brewer is allowed to issue permits for consignments of beer to be exported to places outside the Presidency. Applications for such permits should be made to the Collector of the district, who, if he has no reason to the contrary, will grant a permit and send a letter of advice to the officer in charge of the brewery. The permit must accompany the consignment. All such letters of advice and the counterfoils of permits issued by the brewer must be retained for at least a year. The stock book will be checked at least once in each week by the surveying officer; the quantities of beer brewed entered in it being compared with the entries in his survey book and the quantities of returned beer being compared with the statement of verification by the officer and the issues with the counterfoils of permits issued and with the letters of advice from the Collector, if any.

16. No entry in any of the books kept by a brewer under these rules shall be erased or overwritten. Should it be necessary to correct any entry, a line should be drawn through the incorrect entry in such a manner as to leave it distinctly visible and the amended entry should be inserted above it. Every correction shall be initialled by the person making it at the time and by the surveying officer on his next inspection of the book. Grossly clerical or arithmetical errors need not be specially noticed, but in the case of errors which cannot be so classed, the explanation of the brewer should be obtained and submitted to the Inspector with the surveying officer's remarks. A correction or erasure of any entry may be cancelled, if the brewer does not wish to set upon it, by writing the word 'cancelled' across the columns devoted to materials in the brewing book. But if these columns have already been filled in, the figures must not be erased or crossed out and the word must be written in other blank space. In such cases, a written explanation should be obtained from the brewer and submitted to the Inspector with the surveying officer's remarks.

17. Samples of wort in any stage of fermentation or of stored beer may be taken for analysis without payment by the surveying officer or any other officer authorized to inspect breweries. Samples of the wort during fermentation shall be taken by the surveying officer, at least once in each quarter, in accordance with such instructions as the Commissioner may issue and shall be forwarded to the Laboratory for analysis. On any other occasions on which samples are taken,

either of wort or beer, the officer taking them will submit a special report to the Inspector or the Assistant Commissioner explaining the reasons for sampling and the nature of the analysis required. Samples of brewing materials will be taken only if called for by the Commissioner. When, however, there is a large discrepancy between the quantity of malt or unmalted corn entered in the brewing book and that of the grains in the mash-tun, a sample of the grains should be taken and at once sent for analysis with a report giving a copy of the entry in the brewing book, the dip of the grain in the mash-tun, the quantity represented by the dip and the percentage of moisture or dross. On this report and after examination of the samples, the Commissioner will pass such orders as he thinks fit.

18. The stock of beer in every brewery will be taken at least twice in each year by the Inspector or such other officer as the Commissioner may direct. Stock shall only be taken at other times by the surveying officer or other officer lower in rank than the Inspector, if there is any suspicion of fraudulent practices. On all occasions, the results will be immediately reported to the Assistant Commissioner and in the latter case to the Commissioner through the Assistant Commissioner with the reasons for taking stock. The explanation of the brewer for any excess or deficiency exceeding 1 per cent found in stock should be obtained before the report is submitted. The Commissioner will pass orders whether any, and if so, how much duty shall be allowed in regard to such excess or deficiency.

19. The surveying officer will at the end of each quarter submit the brew and survey books so far as it was checked by the Inspector during his inspection of the brewery to the Assistant Commissioner with an account showing the duty thereon calculated at such rate as may be prescribed by the Government from time to time under section 17 of the Madras Alkali Act of 1860. On this account the Assistant Commissioner will after careful scrutiny pass orders as to the amount of duty to be paid.

20. The brewer shall pay the duty demanded into a Government treasury within five days of the receipt of the advice as to the amount due. In calculating the limit of five days, the date of service of duly-drawn notice and the date of payment of duty shall be excluded. The Inspector will notify both the Collector of the district and the Assistant Commissioner of the date of delivery of the advice. The Treasury officer will grant a receipt to the brewer for all such payments and send a letter of advice to the Inspector and the Collector will notify the date of payment to the Assistant Commissioner. Interest at the rate of 6 per centum per annum will be charged on all amounts not paid within the notified time.

21. If a brewer objects to the amount of duty demanded from him, he may notify the Commissioner to revise the charge. But no petition will be undertaken unless and until all sums demanded under rule 20 have been paid. In the event of theoretical charges being found incorrect, any excess levied from him will be refunded to the brewer, and if the amount claimed from him is found to be less than that actually due, he will

be called upon to pay the difference at once into a Government treasury.

22. The brewer shall, if required to do so by the Commissioner, provide quarters for the surveying officer and subordinate staff to the satisfaction of the Assistant Commissioner at rates not exceeding those given below. The brewer shall be bound to keep the quarters and their appendages in proper repair and not to interrupt or annoy any officer residing therein in his use or enjoyment thereof. In case any question should arise as to whether the rent demanded by the owner of such quarters is just and reasonable, taking into consideration the nature and sufficiency of the accommodation, the question shall be referred to the Commissioner whose decision thereupon shall be final and binding on the brewer.

23. In case of any breach of these rules or of the conditions of the license either by the brewer or by any person in his employment, it shall be competent for the Commissioner to impose a fine not exceeding Rs. 50 for each such breach or to suspend or cancel the license, or both.

24. The imposition of a fine or the suspension or cancellation of the license under the last preceding rule shall not be held to prevent the prosecution of any person for any offence which he may commit against the provisions of the Madras Alkali Act, 1880, or other law for the time being in force. If, on such prosecution before a Magistrate, a brewer be convicted it shall be lawful for the Commissioner to declare his license forfeited.

25. Brewers shall be bound by all additional rules for the control of breweries which may hereafter be prescribed under the existing Alkali Act or under any law which may hereafter be enacted and by all special orders issued by the Commissioner with regard to individual breweries and shall cause all persons employed by them in their breweries to obey all such rules.

L. GRAHAM,

Secretary to the Government of India.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 4th March 1925:—

No. 1 of 1925.

A Bill to amend the Succession Certificate Act, 1913.

Whereas it is expedient to afford protection to parties paying as well as debts to the representatives of deceased persons whose payable under policies of assurance effected on their lives; It is hereby enacted as follows:—

Short title
and com-
mencement.

1. (1) This Act may be called the Succession Certificate (Amendment) Act, 1925.

(2) It shall come into force on the _____ day of _____ 1925.

Amendment
of section 4,
Act VIII of
1913.

2. Sub-clauses (a) and (b) of sub-section (1) of section 4 of the principal Act are repealed and the following sub-clause shall be substituted therefor, namely:—

VII of 1913

"(a) Pass a decree for payment of—

(i) any debt accrued or owing due to a deceased person at the time of his death,

(ii) any claim arising out of any policy of assurance effected on the life of the deceased whereby the moneys to be paid thereunder are exposed to be payable to his executors or administrators, to a person (other than an assignee of such debt or claim) claiming to be entitled to the effects of the deceased person or any part thereof, or

(b) proceed upon an application of a person claiming to be entitled to execute against a decree of the deceased a decree or order for the payment of his debt."

Addition of
words after
"debt" and
"debts."

3. The words "or claim" shall be inserted after the word "debt," and the words "or claims" after the word "debts" wherever the same occur in the principal Act, respectively.

VII of 1925

STATEMENT OF OBJECTS AND REASONS.

The sole purpose of the Bill is to assist towards the speedy settlement of claims under policies for life assurance and to afford adequate security to Companies making payments. Expedient settlement of claims is a matter of as much moment to the paying Companies as to claimants, but it is frequently obstructed by the failure on the part of

claimants to address necessary proof of title. Under the terms of a policy the monies are payable to the creditors or administrators of the deceased and companies accept the modified form of grant as constituted by a Receiver's Certificate as valuably complying with the condition. But cases come with some frequency where Subordinate Courts refuse applications for certificates on the ground that they are unnecessary for the establishment of claims for policy monies. A Company is then placed in this position: that it has either to admit and pay the claim with the possible risk of being called upon to pay again in a future claimant, or decline to entertain the claim without production of a Grant or Certificate and in such case compel the claimant to produce a grant to establish his title. But as the policy of Companies is to avoid litigation except in a extreme case, the position is to accept the title of the claimant as such evidence as may be adduced in the nature of documents and affidavits which in themselves are inconclusive and afford no actual security in the event of payment being subsequently proved to have been made erroneously. It will be seen that Receiver's Certificates in the pursuit of their object to secure a speedy settlement of claims and in effecting to claimants the greatest amount of assistance voluntarily expose themselves to risks which it would be admitted ought not properly to be undertaken by them, and it will be generally agreed that such a system should not be allowed to continue unless valid objections can be put forward against its abolition. So far as can be ascertained, no such objection can be raised, and the Bill which is now introduced incorporates merely a simple measure whereby any claimant to policy monies will be compelled to apply for a Receiver's Certificate in proof of his title. As already explained, the difficulty which is experienced has arisen by reason of Subordinate Courts having held that a certificate is not necessary in certain cases. If a positive enactment is introduced specifically bringing claims under policies within the scope of the Act, all uncertainty on this head will be eliminated; a certificate will issue as of course at a small cost to the claimant and the claim will be immediately settled.

It will be observed that the general form of the section has been somewhat altered and that an amendment has been inserted with regard to the provisions as to payment of a debt. The reason for this alteration is to be found in the uncertainty which has occasionally arisen in cases dealt with by subordinate Courts by which it has been held that only debts which have become payable to the deceased at the time of his death fall within the category of debts to which the Act is applicable. The definition of a debt has been exhaustively discussed by the Calcutta High Court in the case reported in 25 Calcutta Weekly Notes, but it would seem that some inferior Courts are not disposed to follow the rulings in that case and the present is considered an opportune occasion to introduce an amendment which will obviate the possibility of future controversy on the point and will give effect to what was undoubtedly the intention of the principal Act. Both provisions are considered necessary as it is very well doubtful whether a claim under a policy falls within the category of debts—the contrary having been held in certain cases and, unless the enactment is made specifically applicable to claims under policies, an amendment on other lines must necessarily give rise to further litigation.

The 25th January 1925.

PHIRORE C. SETHNA,

STATEMENT OF OBJECTS AND REASONS.

1. The object of this Bill is to codify certain provisions of the Indian Finance Act, 1914, which would otherwise cease to have effect from the 1st April 1925, and to give effect to certain minor amendments in the Tariff.

2. Clauses 2, 4 and 7 provide for the maintenance of the rate of salt duty, postage, income-tax and super-tax prescribed by the Indian Finance Act, 1914, while clause 6 provides for the mode to revert to for a further period of one year, i.e., till the 31st March 1926, of interest on securities forming part of the Paper Currency Reserve.

3. Clauses 3 and 5 give effect to certain minor amendments which it is proposed to make in the Tariff. The changes are not important from the revenue point of view and are as follows:—

(i) The 2½ per cent import duty on grain and pulses is imposed in accordance with the recommendations of the Fiscal Commission. Import of these articles is negligible in normal times and the duty is suspended in times of scarcity.

(ii) At present motor spirit produced in India is subject to an excise of six annas a gallon and imported motor spirit is a duty of 2½ annas a gallon. Imports are extremely small and in order to cheapen motor spirit, it is proposed to reduce the excise duty to four annas a gallon on petrol produced in the country and to levy merely a customs duty on imported motor spirit at the same rate, viz., 4 annas a gallon.

(iii) Certain articles such as wheels, shafts, etc., can be used as component parts either of power looms or hand looms and are therefore assessable to duty under the higher rate, i.e., as component parts of hand looms. Their chief use, however, is in power looms. It is proposed to amend the Schedule so as to make it clear that the duty to be levied on these articles is the same as that on other component parts of power machinery, namely, 2½ per cent.

The following Bill was introduced in the Legislative Assembly on the 5th March 1925:—

No. 22 OF 1925.

A Bill further to amend the Indian Income-tax Act, 1922.

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922, for the purpose hereinafter appearing; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Income-tax (Second Amendment) Act, 1925.

Amendment of section 48, Act No. 1922.

2. In section 48 of the Indian Income-tax Act, 1922, after sub-section (2) the following sub-section shall be inserted, namely:—

"(2A.) Notwithstanding anything hereinbefore contained, for the purpose of making the deduction under sub-section (2), there shall be included in the amount payable any income, chargeable under the word 'Salaries' which is payable to the assessee out of India by or on behalf of Government, and the value in respect of such income shall be calculated at the prescribed rate of exchange."

STATEMENT OF OBJECTS AND REASONS.

Under the Imperial Civil Service (Revision of Pay and Pensions) Rules, 1924, dated December 2, 1924, made by the Secretary of State for India in Council, under section 94 B(2), (3) of the Government of India Act, overseas pay is drawn by certain officers, in sterling, from the High Commissioner for India in London. Under the Indian Income-tax Act this overseas pay is liable to Indian income-tax; but as the Indian Income-tax Act is not enforceable outside India, there is no legal obligation either on the High Commissioner to deduct the income-tax at the time of payment of the overseas pay or on the process entitled to the overseas pay to submit to such deduction. Nor can any authority in India, as the law stands at present, recover the income-tax every month by deducting as the overseas pay is paid. The only course therefore open to the Income-tax Department under the Act is to recover the tax on the overseas pay at the time of assessing the officer in the next year. For reasons of administrative convenience it is considered that the income-tax on such overseas pay should be collected every month by the authority in India which pays the officer the rest of the pay, and this Bill is intended to give effect to this arrangement.

BASIL P. BLACKETT.

The following Report of the Select Committee on the Bill, further to amend the Indian Tariff Act, 1924, was presented to the Legislative Assembly on the 5th March 1925:—

We, the undersigned, Members of the Select Committee to which the Bill further to amend the Indian Tariff Act, 1924, was referred, have examined the Bill and have now the honour to submit this our Report, with the Bill as amended by us amended thereto.

1. We have changed the description in Item 1 of the Schedule to "certain lime" which is the trade description of the masses.

2. Item 3 has been amended to cover all sulphur in accordance with the resolution already accepted by the Legislative Assembly and the Council of State.

4. We have divided cigarettes into two classes in order to permit of the levy of a lower duty on the cheaper brands. It is estimated that nearly 98 per cent of the cigarettes which will come into the lower class now provided are already paying a duty of Rs. 8-10-0 per thousand which is practically the same as that now recommended, viz., Rs. 7-0-0. The line has been drawn at a value of Rs. 10-0-0 per thousand as generally speaking this marks the difference between cigarettes sold in packets and the superior qualities sold in larger quantities.

5. Drafting amendments have been made in items 10 and 13 of the Schedule.

6. The Bill was published in the Gazette of India, dated the 14th February, 1925.

7. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

MINUTE OF DISSENT.

I consider that paragraph 1 of the Bill lays the import duty on sugar on too high a valuation and is inconsistent to increasing the Tariff value of Duty by 5 to 10 per cent.
